

The University of Helsinki generates and applies science-based knowledge to address complex environmental and societal challenges and support sustainable development. The University conducts interdisciplinary research and collaborates closely with research institutions, policy makers, and other stakeholders to ensure impact and informed decision-making. Within the MARBEFES project, it contributes expertise on marine biodiversity and ecosystem responses to environmental change in the Baltic Sea region.

## Involvement

WP1, WP2, WP3, WP7, WP8

**Team:** PhD Marie Nordström

Team leader:

**Marie Nordström (WP3 LEADER):**
