Sopot, 16-17 June 2023

Date: June 16-17, 2023 Location: North Park in Sopot Time: 2 days of collecting materials

Bioblitz 2023 was organized in the area of Park Północny (North Park) between Grodowy Stream and Swelina. On June 16, we focused on collecting materials, and on June 17, at the IO PAN garden located at Powstańców Warszawy 55, we demonstrated how to identify species. This time, alongside traditional field biologists, molecular biologists from EMBL (European Molecular Biology Laboratory), a global leader in organism identification techniques using genomics, also participated.

RESULTS:

Land plants

Land vertebrates

Land invertebrates

Marine flora

Marine vertebrates

Marine invertebrates
